

STAFF ROW

The picture to the left is one seldom seen by campers. "Staff row" is the off limits to campers area where the majority of the staff stay during summer camp. The area is also home to the enormous Staff Oak roughly estimated at 400 years old, as well as "Cooks 1" and "The Bungalow" home of the notorious "Bungalow Boys". The first staff cabins were built in 1993 by Ron and Mary Keller and this year have been repaired and painted by Bill Ell and others in a C.E.D.A. funded project.

"I didn't say it was your fault. I said I was blaming you."

"You do not need a parachute to skydive. You only need a parachute to skydive twice."

"Don't be afraid to take a big step if one is indicated. You can't cross a chasm in two small jumps."
